

Commercial Use Authorization Requirements for Commercial Equipment Rental & Delivery

I. DEFINITION OF COMMERCIAL USE

A commercial use is defined as any or all goods, activities, services, agreements, or anything offered to park visitors and/or the general public for recreational purposes which uses park resources or is undertaken for or results in compensation, monetary gain, benefit, or profit to an individual, organization, or corporation, whether or not such entity is organized for purposes recognized as non-profit under Local, State, or Federal law.

Groups who are part of a school (and can meet the educational fee waiver requirements), church, family, or non-commercial organization are not required to obtain a permit. A non-commercial organization that is recognized under the Internal Revenue Service Code of Federal Regulations as Tax-Exempt and who can show proof that their activity is not taxable for commercial purposes does not need to obtain a Commercial Use Authorization. The organization must submit their request in writing stating why their proposed activity is not taxable and non-commercial to the Division of Concessions at Grand Canyon National Park along with a copy of their IRS determination letter.

II. INTRODUCTION

These requirements will serve as guidelines for commercial services in Grand Canyon National Park. These requirements describe operations authorized under the Commercial Use Authorization (CUA). In the event of a conflict between the terms of the CUA and these requirements, the CUA will prevail.

CUA's will not be issued to concessionaires to provide services authorized or required to be provided under the terms of current concession contracts.

CUA's are mandatory for conducting commercial trips into Grand Canyon National Park; however, their issuance is a courtesy, not an entitlement. Requests for CUA's are handled in the order received, considering other workload commitments. Four or more weeks should be allowed for this process. Commercial services are not authorized until the CUA is finalized. Prospective permittees should not schedule any commercial trips to the park prior to obtaining a fully executed copy of the CUA.

Failure to obtain and have available for inspection a CUA to provide commercial services into Grand Canyon National Park may subject the commercial operator to penalties as prescribed by law or regulation, including exclusion from the park.

All applicants for a CUA will be required to meet the following requirements prior to issuance of a CUA:

- A. Proof of general liability and automobile liability insurance coverage (Certificate of Insurance) naming the United States Government as an additional insured. Minimum acceptable level of general liability insurance is \$300,000 per occurrence. Minimum acceptable level of automobile liability insurance as required by the State of Arizona.
- B. Payment of all required fees: A non-refundable fee of \$300.00 for application and administration of the CUA, irrespective of the length of the CUA. Entrance fees will be paid as required at the Entrance Stations.

All applicants must also meet the following conditions:

III. MANAGEMENT, ORGANIZATION, AND RESPONSIBILITIES

- A. **Park** - The Superintendent manages the total park operation, including CUA's. The Superintendent carries out the policies and directives of the National Park Service. Through park representatives, the Superintendent reviews, supervises, and coordinates commercial activities related to Grand Canyon National Park.

The Concessions staff coordinates the park activities relating to commercial services, and makes recommendations on all commercial operations to the Superintendent. Concessions staff have line authority from the Superintendent to make field decisions, which pertain to commercial operations, and act as liaisons between the permittee and the Superintendent.

Members of the Visitor and Resource Protection Division serve as the direct line of communications to the permittee about backcountry, trail, and corridor use regarding law enforcement, safety, search and rescue, emergency medical services, resource protection, and fire management issues.

IV. STAFFING AND EMPLOYMENT

- A. Trip Leaders must be at least 18 years of age and physically fit.
- B. Trip Leaders must be trained in basic safety and resource protection, park rules and regulations, and in the requirements of the CUA and attachments.

V. OPERATING PROCEDURES

- A. **Services Authorized** - To conduct delivery service of rental equipment to Lee's Ferry and pick up of same at Lake Mead for authorized river runners. This service shall commence outside, and not within, the boundaries of Grand Canyon National park.
- B. **Orientations** - The trip leader must provide an orientation to trip participants about basic hiking etiquette when passing other hikers or mules, park rules and regulations, safety procedures, resource protection information, litter, human waste, personal safety, and emergencies.
- C. Guides/Leaders will provide their clients with accurate information on a broad spectrum of topics related to the Grand Canyon and national parks, including, but not limited to, geology, wilderness impacts, history, ecology, etc.

VI. TRAILS AND BACKCOUNTRY USE REGULATIONS

- A. **Waste Management** - ALL trash must be packed out of the corridor/backcountry and disposed of in an appropriate waste container.
- B. **Human Waste Management** - Groups are required to abide by all park rules regarding proper disposal of human waste in order prevent the pollution of water sources, the spread of disease, and the aesthetic degradation of backcountry areas. Improper disposal of human waste is a violation of park regulations, and violators are subject to fines. The use of backcountry toilets is preferred. When this is not possible, guides/leaders should provide a shovel, paper, and zip-lock bags, and instruct their clients to dig a hole six inches deep and to carry out their used paper.
- C. **Fires** - Open wood and ground fires are prohibited.
- D. **Cigarette Smoking** - Smoking on trails is highly discouraged. Smokers must use caution when smoking to prevent dropping ashes or embers that might ignite a wildfire. **Cigarette butts are trash and must be packed out of the corridor/backcountry for proper disposal.** Trip leaders/guides will ensure that cigarette butts are disposed of properly.
- E. **Food** - All food scraps (fruit peels, nut shells, etc.) are considered trash and must be carried out. It is a violation to feed the wildlife, including squirrels.
- F. **Personal Consumption of Wild Edibles** - Collection of fruits, nuts, berries, edible plants, or plant parts for personal consumption is permitted.
- G. Technical rock climbing is prohibited.

VII. EQUIPMENT AND PROCEDURES

- A. **Client Equipment** - Permittee will check equipment to ensure its serviceability. Unsafe equipment will not be used.

VIII. NOTIFICATION REQUIREMENTS

An accident resulting in personal injury, death or property damage shall be reported to the Superintendent, as soon as possible. [36 CFR 2.33, 3.4, 4.4] All motor vehicle accidents resulting in injury, personal/government property damage, or injury to park wildlife or resources must be report to park law enforcement immediately at 928-638-7805 or by dialing 911. Commercial operators must remain on scene until the arrival of law enforcement officers.

All commercial operators are responsible for providing their clients with the necessary information to locate or contact their group if they become delayed or separated. Commercial operators may not abandon their clients in the park and are solely responsible for making arrangements for their clients to rejoin their group after being separated. Lost or missing clients must be reported to park dispatch as soon as possible and without unnecessary delay, at 928-638-7805. While self-rescue is encouraged in cases where no additional resources are needed, the National Park Service retains the authority to make the determination to employ additional resources when the situation warrants.

While self-rescue is encouraged in cases where no additional resources are needed, the National Park Service retains the authority to make the determination to employ additional resources when the situation warrants.

The trip leader/guide will promptly report information about any human illness, whether employees or guests, to the Public Health Consultant at 928-226-0168. This information, along with other information received, will be evaluated by the Public Health Consultant to help identify outbreaks of illness associated with contaminated water or food sources or caused by other adverse environmental conditions.

IX. GENERAL

- A. The National Park Service reserves the right to establish commercial user night limitations for the time periods and/or Use Areas as future conditions may warrant. This need shall be evaluated as part of the Backcountry Management Plan public review process. Backcountry commercial use (Corridor and non-Corridor), including North Rim winter use, will not be limited at this time except as follows:
 1. Commercial Use Authorizations will not be issued for authorized activities granted to existing Concessionaires under the terms of current Concession contracts.
